EMPLOYEE INITIAL: _____

STORAGE: Keep cherries refrigerated (30-40 degrees) for storage. Cherries naturally turn dark on the surface of the pack due to oxidation. It happens within hours and is not an indication of bad cherries. Use or freeze cherries as quickly as possible for best results

PLEASE NOTE: The DATES above are SUBJECT TO CHANGE. We will notify you when the cherries are available for pickup. The cherries must be picked up within **THREE** days because they are a perishable item. If the cherries are not picked up, they will be sold to prevent spoilage and your deposit will be lost.

QUESTIONS: Please call us at 724-744-7320
